FRICTION MIPS CARBON HELMET

Time to level up your riding, with our brand-new Friction MIPS helmets!

The Friction helmets offer ground-breaking performance and extremely low weight combined with awesome looks and high-class comfort. The Carbon version can be described as a masterpiece design made of high-performance carbon, with a weight of just 950g in size Medium. The ventilation channels are designed to give you perfect cooling in the summer, without getting too cold during the winter. To make sure to keep you safe in all situations, we have equipped the Friction helmets with a MIPS® Brain Protection System (BPS), which is a class-leading protection feature to avoid rotational related injuries such as concussions. Shortly described, this is probably one of the best helmets for its price for both summer and winter riding.

VERTIGO MIPS HELMET

Do you want to take your riding to the next level?

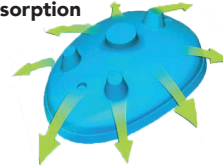

Then it will involve a lot of risks where you need a helmet with that "little extra" when it comes to safety. AMOQ Vertigo is developed in close collaboration with the company MIPS, which is the world-leader in Brain Protection Systems for helmets. MIPS minimizes the risk of concussions. In addition to the fantastic MIPS system, Vertigo has a very comfortable premium interior, that works great for both motocross and snowmobile. The shell has an aerodynamic shape and is adapted for your goggles to stay in place no matter how hard you ride. The interior is of course removable and machine washable. The ventilation in the back is efficient during warm summer days, without getting cold in the winter.

AIRLINE MESH JERSEY

The Airline Mesh jersey is our most technical jersey for racers with the highest demand on their clothing. The mesh materials used in this jersey are both quick-drying and super ventilating, offering maximum airflow for the fastest lap times. It also has a slim racing fit to make your riding as aerodynamic as possible. Another great feature is the silicone print at the bottom of the back to keep your jersey tucked in even during the most intense races.

MOMENTUM PANTS

When you are racing at the highest level you need the flexibility of your racing pants to be on the same level. With that mindset we developed the Momentum Pants in a 4-way stretch main fabric, with reinforced fabric on the knees and perforated Lycra in the lower legs. The sitting area has a reinforced, yet still elastic Nylon fabric and the inside of the knees have real leather to withstand the heat from the engine and the wear and tear from the frame. The inside of the waist is equipped with a silicon gripper to prevent the pants from sliding down during riding. Shortly described; Momentum Pants are the pants where nothing has been left out.
