FRICTION MIPS CARBON

Time to level up with our brand-new Friction MIPS Carbon helmet!

The Friction MIPS Carbon helmet offers ground-breaking performance and extremely low weight combined with awesome looks and high-class comfort. A design masterpiece made of high-performance carbon, with a weight of just 950g in size Medium. The ventilation channels are designed to offer perfect cooling in the summer, without getting too cold in the winter. To keep you safe in all situations, we have equipped the Friction helmets with a MIPS® Brain Protection System (BPS), which is a class-leading protection feature that helps prevent rotational related injuries such as concussions. This is probably one of the best helmets on the market at this price point.

AIRLINE MESHJERSEY

20

The Airline Mesh jersey is our most technical jersey for racers with the highest demand on their clothing. The mesh materials used in this jersey are both quick-drying and super ventilating, offering maximum airflow for the fastest lap times. It also has a slim racing fit to make your riding as aerodynamic as possible. Another great feature is the silicone print at the bottom of the back to keep your jersey tucked in even during the most intense races.

MOMENTUM PANTS

When you are racing at the highest level you need the flexibility of your racing pants to be on the same level. With that mindset we developed the Momentum Pants in a 4-way stretch main fabric, with reinforced fabric on the knees and perforated Lycra in the lower legs. The sitting area has a reinforced, yet still elastic Nylon fabric and the inside of the knees have real leather to withstand the heat from the engine and the wear and tear from the frame. The inside of the waist is equipped with a silicon gripper to prevent the pants from sliding down during riding. Shortly described; Momentum Pants are the pants where nothing has been left out.
