MX COLLECTION 2027

AMOQ MX UNLIMITED PASSION

There's nothing like a summer morning at the track and the rumble of your engine waiting to be unleashed. That's where AMOQ MX gear comes in! Built & tested in rough Nordic conditions, this gear isn't just made to look good—it's built to perform, endure, and protect. Every piece in the AMOQ lineup has been developed in close collaboration with professional riders who live this life every day. With AMOQ MX gear you ride smarter and with more confident!

AMOQ, made for riders who live for that gate drop, that split-second reaction, that full-throttle launch into the first corner. Thats why our gear meets safety standards. Our protective gear is designed to take the punishment you throw at it. The versatile collection includes helmets, goggles, jerseys, pants, gloves and accessories.
The unique price-quality ratio of the collection make quality products available for all.

FRICTION MIPS CARBON

Time to level up with our brand-new Friction MIPS Carbon helmet!

The Friction MIPS Carbon helmet offers ground-breaking performance and extremely low weight combined with awesome looks and high-class comfort. A design masterpiece made of high-performance carbon, with a weight of just 950g in size Medium. The ventilation channels are designed to offer perfect cooling in the summer, without getting too cold in the winter. To keep you safe in all situations, we have equipped the Friction helmets with a MIPS® Brain Protection System (BPS), which is a class-leading protection feature that helps prevent rotational related injuries such as concussions. This is probably one of the best helmets on the market at this price point.

Heated Anti-Fog

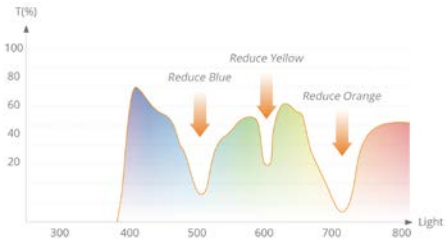

The internal electric heating elements raise the surface temperature of the lenses, effectively melting frost or ice and preventing condensation from forming fog on the lens surface.

Performance

Electric heated lens always keep our eyesight clear,never fogging up. Offering customers great sports experience.

How Photochromic Lens Works

Advanced photochromic materials allow the lens to automatically change color under different lights conditions. The lens color will become darker under stronger light, and becomes transparent indoors, always provide you comfortable and soft vision.

Middle	35-40 C	Green	60%	~12h
Low	35-37.8 C	Blue	30%	~24h

Performance

Photochromic lens eliminate the need to frequently change goggles or lenses, allowing you to enjoy a comfortable and gentle view in various lighting conditions with just one pair of goggles.

VENTRIX JERSEY

NEW

Built for the hottest race days and the most demanding rides, the Ventrix Jersey is engineered to keep you cool when the intensity rises. Constructed from highly ventilating mesh fabric, it delivers exceptional airflow while maintaining the durability needed for motocross. The lightweight construction reduces bulk and allows unrestricted movement, so you can stay focused on the track—not the heat. Whether you're lining up at the gate or pushing through long practice sessions, Ventrix is designed to maximize comfort and performance from start to finish. Maximum airflow. Minimum weight.

AIRLINE MESH JERSEY

The Airline Mesh jersey is our most technical jersey for racers with the highest demand on their clothing. The mesh materials used in this jersey are both quick-drying and super ventilating, offering maximum airflow for the fastest lap times. It also has a slim racing fit to make your riding as aerodynamic as possible. Another great feature is the silicone print at the bottom of the back to keep your jersey tucked in even during the most intense races.

MOMENTUM V2
PANTS

When you're pushing the limits at the highest level, your gear should never hold you back. That's why we re-engineered the Momentum V2 Pants with an updated, precision-tuned fit. Built around a refined slim racing fit, the V2 features the same trusted 4-way stretch main fabric for full range motion, reinforced fabric at the knees and durable yet elastic Nylon in the seat. The inner knees have genuine leather panels to protect against engine heat and abrasion. Perforated Lycra in the lower legs for breathability and a more tailored cut to reduce bulk in the boot. Inside the waist, the silicon gripper keeps your pants securely in place during hard riding, along with an adjustable waist for a dialed-in fit every time.
The Momentum V2 Pants are built for racers who demand the best—now with an even better fit.
